

A window into our boarders' life!

to learn about and put into action now at a young age. Independence is a huge part of our everyday life in the Boarding House, we are all improving and evolving as independent individuals on a daily basis.

Our 4th MYP Students

Kyrill Vasilyev, from Russia, who has been with us for 2 years and is currently in 3rd MYP.

Masih Ghabdبغي, from Iran is currently in 4th MYP.

PTSC

The middle of the term is coming up, therefore students are starting to have teacher online meetings with parents. Students' parents will get feedback on their child's academic progress so far, and have the opportunity to talk to teachers about their child's ambitions and success.

Mocks

A good preparation and dress rehearsal. These exams can help students to get used to having high stakes testing as will be the case in the final official IB Diploma exams in May.

But this can help the student to learn how to organize well, deal with stress and test their abilities and knowledge.

Options afternoon

In optional afternoon, we 4th MYP students had the possibility to get a lot of important information about the

subjects that we are planning to choose for diploma. We had the opportunity to talk to the teachers of diploma and get their advice to have the best choices for diploma. Each student had the opportunity to earn a lot of information about subjects. In my opinion, this is the most effective way for the student to have a range of information about subjects in diploma..

Chinese New Year

Recently, a Chinese New Year took place. We have been decorating the school all together, learning more about the history and appearance of the event. The celebration was by our two Chinese students living in the residence. Therefore all our students appreciated the role of tradition and rituals and the diversity of culture.
